

Silverthread Outdoor Recreation Club

Meeting Minutes

March 18, 2014--South Fork Community Center

The meeting was called to order by President George Powell at 7:00PM, there were 17 members in attendance.

The minutes and the financial report were approved.

George reported that the grooming is over for the season, the gate is locked. We had 103 hours in out of a possible 186 hours that had been allotted to our club. Both the Alder and Pool Table gates are locked until the mud season is over.

Hiking was reported by Wayne Moulds. For the last two weeks we have been hiking instead of snowshoeing. The winter schedule of Monday only hikes will remain until further notice.

Snowmobiling is most likely over until next season. ATV rides will start soon, probably to areas east of town.

2014 telephone directories are available to club members. George, Wayne and Lloyd have some to give out. The club sells jackets, shirts and hats if anyone would like to purchase something.

Goetz's have offered to have the June meeting at their home if they don't get any company during that time. If anyone else wants to volunteer let George know in case Goetz's have to cancel. During the summer months we meet outside at members' homes.

Sometime during the month of April we will have trash pick-up day, George will let us know when.

Some non-snowmobile members are receiving the CSA newsletter. There really isn't anything we can do about it.

Several of our members have had recent surgeries, Frank Walter and Bill Longfellow both had knee replacements and they are doing well but in some pain. John Graeser was in the hospital and recently discharged. Lester Wells is also recovering from surgery.

Tommy Goetz won the 50/50.

The meeting was adjourned at 7:30PM.

Respectfully submitted by,

Barbara Thiesfeld
