- I will be in Crested Butte next week. Doug will lead the hike on Monday.

Snowmobile Report

- Be safe when you go out on the trails. Notify someone to let them know when and where you are headed to.
- The Colorado Springs Snowmobile Group will be here on Sunday (Feb 21, 22, 23). We are having problems getting guides together. We will meet to organize and decide what we are going to do within the next couple of days.

Grooming Report by George Powell

- We have plowed all except 18 hours.
- We unloaded at 6 inches of water at Poole Table. Good snow on top.
- There is avalanche danger because of the crust on top of the powder underneath. It's too warm now...We're hoping for big snow!
- Creede has no equipment and is not grooming. They are waiting for their new snow cat.
- We have from 18 inches to 2 feet at Poole Table with lots of snowmobile traffic.
- Don't go to Alder or Aqua due to the slides on rocks.
